**WHEREAS**, The Texas Alliance for Retired Americans recommends to the Alliance for Retired Americans that they strongly encourage the AFL-CIO to take a position on ACO REACH as it is an attack on Medicare.

**NOW THEREFORE BE IT RESOLVED** that the Texas Alliance for Retired Americans recommends to the Alliance for Retired Americans that they strongly encourage the AFL-CIO to take a position regarding ACO REACH as it is an attack on Medicare, and that they consider opposing CMMI's Medicare ACO REACH Program and all Medicare value-based payment demonstration models, and also ask the Biden/Harris Administration to immediately STOP and dismantle the ACO REACH Program, and instead, immediately protect and preserve Traditional Medicare and add coverage for hearing, vision and dental care.
